

HARVESTING THE GARDEN SPOT THE DIFFERENCE

Beth and her Junior Landcare group have been closely monitoring the seedlings they planted in their food garden. Beth, Eliza and Hayley are excited because they are ready to harvest their fresh produce to share with their fellow Junior Landcarers.

INSTRUCTIONS

Spot the 10 differences in Beth, Eliza and Hayley's garden and basket of harvested produce.

You can also count the fruit, veggies and insects in both pictures.

How many carrots can you find?

How many flying insects did you spot?

How many beans are growing on the vine?

Answers: 1. Missing a ladybird spot 2. Extra bean on the vine 3. Third water droplet is missing 4. Ant on the basket 5. Carrot missing from the garden 6. Beetroot only has two leaves instead of three 7. Bee has no stripes 8. Watermelon is missing from the basket 9. Dragonfly has stripes 10. Extra butterfly is flying in the garden
